Dear Valued Customers, Partners and Friends,

Following the acquisition of QS Technologies by OMERIN USA, Inc., in June 2016, we have the pleasure to announce that as of January 1, 2017, **QS Technologies will be renamed**

OMERIN USA, Inc. QS Technologies Division.

Most importantly we continue to focus on constantly improving the way we serve our customers. We keep on exploring new and innovative ways to design and manufacture wire and cable to meet the ever evolving demands of our customers and of the markets they serve. To that regard, OMERIN Group is investing in facility and equipment to expand our production capabilities, enlarge the range of our products, and expand our services.

Our specialties remain more than ever :

- ➔ **Heating cables , heat tracing solutions and flexible heating elements**
- ➔ **High, very high and extreme temperature Wire and Cable**
- ➔ **Special Wire and Cable, commercial range, UL and CSA approved or built on customers specification**
- ➔ **Pyrometry cables**

Also, **in early 2017, we will move into our new offices** located at our secondary manufacturing facility located on Research Parkway. We have been manufacturing at this location since 2012 in addition to our 602 Pomeroy Avenue location. The two facilities are less than one mile apart. We are looking forward to introducing you to the new “face” of OMERIN USA, Inc. QS Technologies division. Our new LOGO, mailing address, website, will be:

OMERIN USA, Inc. QS Technologies division
95 Research Parkway, Meriden, Connecticut 06450

Finally we are announcing that **Mr. Aurelien Paumier has been named General Manager of OMERIN USA, Inc.** QS Technologies Division. By joining OMERIN Group, Mr. Paumier will add his experience and valuable background in sales, marketing and business management positions in the advanced materials and specialty chemicals industries. Mr. Paumier will be a terrific addition to the Group and looks forward to establishing contact with you over the next few weeks.

The new organization chart is here attached on page 2.

Best regards, ,
